Modern School Inculcates....

'Every Child is talented and has the potential of learning' was the vision of Late S.D. Jain, the Founder Chairman of the Chain of the institutions in NCR and Delhi. As an eminent philanthropist, a good Samaritan and a great Stalwart of the country, he visualised that by providing a wide variety of opportunities in both scholastic and co-scholastic areas, school can unravel the potential of every child and develop it on the right lines. Therefore, he has taken the institutions to those pinnacles so, as to prepare children to face up any challenge that the future may throw before them. Learning to work and live together, being proactive to enhance the natural environment, respecting strengthening democratic multicultures and diverse faiths, ideals and contributing to common good are some of the aspects that have come to be of enormous significance in the global scenario. Modern School inculcates the right values and provides ample opportunities to develop their creative & critical thinking, decision making and communication skills. It nurtures all the three domains of personality-cognitive, affective & connective and by catering to multiple intelligence, it forms complete human being.

Know Your School

MODERN SCHOOL, a co-educational, English Medium School, made its humble beginning in the year 1987 under the aegis of "Digamber Jain Society for Child Welfare (Regd.)". Initially, the school was housed in its own three storeyed building in Sector-12. Soon, the school grew by leaps and bounds. Considering the mission & utility of the school, the Govt., allotted an additional land of about 2.5 acres in sector-11, Noida for further expansion and upgrading it to Senior Secondary Level & now the school has travelled a long & blissful journey of about three decades, having grown in size, status & reputation. The Senior Secondary School shifted to its present location at Sector-11 in spacious 'State- of- the- Art' building with all modern amenities like Swimming Pool, Centrally Air Conditioned Auditorium, 3rd Generation digital class rooms and Wi-Fi Campus. The school is one of the forerunners amongst the elite educational institutions in the city. We provide vibrant learning environment to make our students participate actively to create their own knowledge rather than passive knowledge consumers.

Aims & Objectives

The objective is to develop an all-round personality of the child so that when he leaves the portals of the school, he finds himself physically fit, mentally alert, morally sound and emotionally well balanced. The product of this school is expected to be fully confident, forward looking and a worthy citizen of the country. Whatever is useful and relevant in our ancient culture is blended with modernity and is imbibed in the youth with innovations suited to the modern technological era. The school makes no distinction of caste, creed, colour or class and provides admission to all, irrespective of religion and nationality. The school is secular, having liberal and enlightened cultural background.

The School Campus

Both the Senior and the Junior school have palatial buildings with airy and well ventilated class rooms. The class rooms are furnished with the latest furniture and fixtures.

Facilities At Pre-primary

Class rooms are bright, colourful and are complimented by thematic class board, weather and attendance boards. The school has also provided an Activity Room and a Resource Room with audio visual facilities, Play Station, Mini Library and Toy Corner to enhance the child's joy and interest in learning. In conclusion, it is important to note that the academic structure and its curriculum in the Pre-Primary Section of our school is an earnest attempt to introduce activity based **thematic learning** in the classroom. It is backed by the '**Developmental Theory**' and is replete with ample activities. The entire process is an exciting voyage of self discovery & learning and is truly child centred. All the activities pursued are highly enjoyable and graded carefully, keeping in mind the age group and the child's mental and physical abilities. For the child it ensures a stress free childhood, making learning enriching in the most impressionable years, thereby building a skill based foundation which will enable each little child to cope with the future with immense confidence and fortitude and help them to emerge as true global citizens.

Class I - III

At Modern School, Noida, education is designed to meet the basic learning needs of students. In doing so, it also intends to prepare students to benefit for secondary education. In order to fulfill this broad aim, primary education is geared towards enabling students to develop essential learning skills and providing them with basic learning content.

The school identifies three primary aims of education:

- To enable the child to live a full life as a child and to realize his or her potential as a unique individual.
- To enable the child to develop as a social being through living and co-operating with others and contribute to the good of the society.
- to prepare the child for further education and lifelong learning.

Junior Wing

Activities

Each activity conducted in the Pre-Primary section, influences all aspects of a child's growth and development, so that he or she can face the world with courage and confidence. Our aim at Modern School is to provide every student with opportunities to polish his/her talents and skills. Show 'n' Tell, Oration, Storytelling and rhyme recitation activities give a platform to all the students to build their confidence.

Culinary Art: It can help young kids learn and practice some basic maths concepts and build language skills. And the experience of creating meals will help them build their self-confidence and lay the foundation for healthy eating habits.

Special Assembly: We, at Modern school, believe that the students should become global citizens while retaining their traditional values. Keeping this in mind, all the important National Days and Festivals are celebrated in the school through celebrations and Special Assemblies. The essence of the festival or the special day is portrayed through dance, music, mime, role play, and audio visual presentations. Yoga, Aerobic and Physical Education is imparted on a regular basis. Regular trips, excursions, funfilled games and activities are planned for our children and they have fun in a new environment and gain confidence while they do so. Our little scholars are curious and intelligent. We provide them the impetus to forge ahead and learn as they discover and explore. Our 'Budding children' participate in the Young Scientist activity of the junior section. Each little one enthral everyone as they speak about their experiments.

Muskan Kids Kingdom

Muskan is a separate and exclusive Pre- Primary Department, centrally air-conditioned/ cooled building in Junior wing at Sector-12. It meets the requirement of upcoming generation. It is equipped with modern facilities like audio-visual teaching aids, 3rd Generation Smart Classrooms to provide a congenial environment, both for guided and independent activities. We emphasize on **effective learning through playway & multimedia technology**. Here is the platform to groom the hidden talents of every child. We believe in stress free education.

Department of Computer Science

Computer Literacy Programme has gained a great significance. Now computers have become an integral part of all business and professions. Therefore, the school has provided well equipped computer science labs, with latest software and hardware for students from Nursery to +2 level. Our students, passing out as computer literates are ready to face challenges of the new technological era.

3rd Generation Digital Class Rooms

To make teaching more interesting, effective and innovative, the latest teaching methodology has been adopted. The school has introduced unique 3rd Generation Smart Class Rooms with Animated Course Contents and is being displayed with computer & video projectors in Smart Class Rooms.

Nouveau - ATAL TINKERING LAB

Modern School in collaboration with NITI Aayog (Govt. of India) has setup ATL Tinkering Lab in school campus. It not only integrates teamwork and command in 'soft skills' but also fulfils students' learning experience by grooming them in their ability. They are trained to convert their learning into performing skills, by which students can solve new problems and draw conclusions based upon previously learned principles applied through Science, Technology, Engineering and Mathematics (STEM). Robotics is an interdisciplinary field that integrates Science, Engineering and Computer. It is a school programme for our students which stimulates their tender minds to engage themselves.

Transport

Presently, School buses are plying on scheduled routes. Admission to the school does not necessarily mean allocation of a seat in the school bus. In case of the change of residence, adjustment to another bus cannot be guaranteed. Bus users are advised to reach the boarding point 10 minutes before the scheduled time. No discontinuation of bus facility is allowed during the academic session. Eleven months' charges are to be paid by the pupil during the session. In case of indiscipline, the transport facility may be withdrawn any time at the sole discretion of the Principal. School Buses ply within the school radius of 100 km. Bus tracking system (GPS) through mobile app and the presence of female attendants in the buses provides your ward in secure and healthy environment to grow in safe premises and transportation.

Tuck Shop & Canteen

The School has provided facility of Tuck Shop and canteen in the school premises. Students can buy books & other stationery item from the Tuck Shop. All note books bearing school name and logo are compulsory. The school provides Fresh and healthy food in canteen NO JUNK FOOD IS ALLOWED.

Uniform

Students are not allowed to attend the school and board the school bus without proper school uniform. Parents are requested to go through the details of the uniform specified in the student's diary. Three sets of summer and two sets of winter uniform are compulsory. Separate uniform has been prescribed for House & Activity meetings In order to maintain uniformity, school has arranged tailoring facilities for stitching at very reasonable charges. Parents can deposit the charges in the following months.

- ▶ For Summer - in February
- ▶ For Winter - in September

Educational Visits, Camps & Tours

Outings, picnics, excursions and visits to historical places are arranged from time to time. One tour for class IV onwards and one picnic for lower classes is compulsory during the academic session.

ERP (Enterprise Resource Planning)

To keep in pace with latest technology, we have our own ERP system. It makes the data computerized, easy, fast and accurate. The system is user friendly and a parent's android app helps them to keep updated with student's profile, attendance, results, messages & circulars, events, competitions, time-table, homework, assignments, holidays, GPRS, awards & punishments. Parents can pay online fee through this mobile app. Now parents can also trace the progress of their child with a click of a button.

The school offers these streams of education with a choice of optional subjects such as IP, Entrepreneurship, Home Science, Painting etc. The school has made arrangements for integrated coaching for various examinations & entrance examinations like IIT-JEE, PMT, CA, CPT, NTSE, Olympiads etc.

Evaluation and Promotion

The evaluation system enables continuous assessment. Promotion is granted on the basis of **overall performance** of the child during the whole year. **Unit tests and weekly tests** are regularly conducted and given weightage in the final promotion. Grading system has also been introduced and promotion to next class is based on the performance of the child assessed by the teachers throughout the year. Keeping pace with the changing curriculum and to provide stress free atmosphere, policy of No HOME WORK & NO BAGS has been introduced up to class 3rd.

Students Counselling & Orientation Programmes

There are two aspects of education - one that teaches us how to make a living and the other how to live." In this busy materialistic world, it has become very difficult to cater the psychological and emotional needs of children. Modern School focuses on counselling the children in 3 ways -

1. Group Counselling
2. Individual Counselling
3. Career Counselling

Counselling sessions are organised at times to ensure the all round development of every student. For progressive development of skills and innate abilities, professional career Counsellors / student counsellors are invited very often to reinforce the enthusiasm amongst the students.
