HOUSE OF CHAMPIONS

*“There are no limits to what you can accomplish,  
except the limits you place on your thinking”*

Dear Parents

Greetings!

Our aim is to ensure that our students have access to the best possible opportunities and experiences during their education, so that they can come out of their comfort zone and reach their full potential and are better prepared for the future. Our work is focused on developing and celebrating students as individuals and not just as learners. We believe that every child, regardless of ability, deserves a first class education as everyone has hidden potential to be discovered and nurtured and we strongly believe that together as a learning community we can unlock this potential so that they are able to evolve as global citizens of tomorrow who can stand up for their rights and have the ability to make a difference to the world.

Warm regards

**Ruby Chandel**

Where the **mind**  
is without  
**fear** and the head is held high  
Where knowledge is free  
Where the world has not been broken up  
into fragments by narrow domestic walls  
Where words come out from the depth of truth  
Where tireless striving stretches its arms towards perfection  
Where the clear stream of reason has not lost its way  
into the dreary desert sand of dead habit  
Where the mind is led forward by thee  
Into ever-widening thought and action  
Into that heaven of freedom, My Father, let my country awake.
